NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The Organization maintains its records on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Revenue is recognized as it is earned rather than received and expenses are recognized when the obligation is incurred.

Net assets are broken down into three specific categories as follows:

Unrestricted Net Assets – All contributions are considered to be available for unrestricted use unless specifically restricted by the donor or by law.

Temporarily Restricted Net Assets – Assets resulting from contributions whose use by the Organization is limited by donor/grantor imposed restrictions that either expire by the passage of time or can be fulfilled by actions of the Organization. Once these restrictions expire, temporarily restricted net assets are reported in the statement of activities as net assets released from restrictions.

Permanently Restricted Net Assets – Assets resulting from an endowment to be held in perpetuity. Investment income earned on this endowment is temporarily restricted for programs.

The Organization does not have any temporarily or permanently restricted net assets.

B. Use of Estimates

The preparation of financial statements in accordance with the accrual method of accounting requires the use of estimates that affect reported amounts of sources and uses of funds and related disclosures. Actual amounts could differ from those estimates.

C. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on deposit with financial institutions and other debt securities that are readily convertible into cash and purchased with original maturities of three months or less.

D. Concentration of Credit Risk

The Organization places its temporary cash investments with high credit quality financial institutions. During the fiscal year, balances in the accounts may exceed the federally insured limit. The Organization has not experienced any losses on such accounts and believes it is not exposed to any significant credit risk to cash. At December 31, 2017, the Organization had approximately \$570,000 of its cash balance in excess of FDIC insurance limits.

E. Fixed Assets and Depreciation

Fixed assets are stated at cost. When assets are retired or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in income for the period. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. Depreciation is provided for using straight-line and accelerated methods over the following estimated useful lives:

Equipment	5 years
-----------	---------

F. Income Taxes

No provision has been made for income taxes since the Organization was formed as a tax-exempt organization and has been granted Section 501(c)(3) status by the Internal Revenue Service.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Organization to report information regarding its exposure to various tax positions taken by the Organization. The Organization has determined whether any tax positions have met the recognition threshold and has measured the Organization's exposure to those tax positions. Management believes that the Organization has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state tax authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties assessed to the Organization are recorded in operating expenses. No interest or penalties from federal or state tax authorities were recorded in the accompanying financial statements. The open tax years are the years ended 2014 to 2016.

G. Revenue Recognition

Contributions, which include unconditional promises to give (pledges), are recognized as revenues in the period received or promised. Conditional contributions are recorded when the conditions have been substantially met. Contributions are considered to be unrestricted unless specifically restricted by the donor.

G. Revenue Recognition – (Continued)

The Organization reports contributions in the temporarily or permanently restricted net asset class if they are received with donor stipulations as to their use. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are released and reclassified to unrestricted net assets in the statement of activities.

Donor-restricted contributions are initially reported in the temporarily restricted net asset class, even if it is anticipated such restrictions will be met in the current reporting period.

Gains and losses on investments and other assets and liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

H. Functional Allocation of Expenses

The costs of providing the Organization's various programs and supporting services have been summarized on a functional basis in the statement of activities.
